

## **Top Connect**

### **The installation system that connects: HARO Top Connect<sup>®</sup>**

Rosenheim - Angle in on the long side and fit in on the short side with a little bit of pressure on the surface – quick, safe and no tools required! With its patented lock-in system, Top Connect<sup>®</sup> ensures the installation of parquet floors is significantly quicker and easier than with traditional installation systems. This time and cost benefit, has been recognized by many installers. In very little time Top Connect<sup>®</sup> has become the installation system with the highest growth rates within the current HARO product range.

In response to the positive reaction of its customers, Germany's leading parquet manufacturer will offer in the coming months all HARO Parquet 4000 Longstrip and HARO Parquet 4000 Plank 1-strip products with Top Connect<sup>®</sup>. The Rosenheim parquet specialists already began the introduction at the beginning of the year with a product sub-range.

In conjunction with the ComfortTec innovation presented 2008, whereby the adhesive is already on the rear side of the board, Top Connect<sup>®</sup> will revolutionise parquet installation. Whether installed as floating floors or fully glued down, with Top Connect<sup>®</sup> and ComfortTec, HARO has created the ideal combination of installation speed and professional floor laying. ■

With the floor covering brand name "HARO", Hamberger Flooring GmbH & Co. KG in Stephanskirchen near Rosenheim has grown to become the German market leader for parquet and can now look back on almost 60 years of experience in producing parquet. In addition to its Flooring division which offers parquet, cork, linoleum, laminate floors and Celenio, the Hamberger group of companies also incorporates the Sports Flooring, Sanitary, Wood Cutting and Farming and Forestry divisions. Hamberger was certified according to DIN EN ISO 9001 as early as 1995, followed in 1998 by the certification of its environmental management system according to DIN EN ISO 14001. Hamberger has been PEFC certified since 2004. The PEFC seal provides proof that the raw materials from which Hamberger products are manufactured are sourced from certified, sustainably managed forests. Founded in 1866, the company is today managed by Peter Hamberger and Dr. Peter M. Hamberger, in the fourth and fifth generations. With around 1600 employees, the group of companies achieves an annual turnover of approx. 280 million euros. Around 40% of the company's products are exported. Goods are exported to more than 70 countries around the world. Further details are available at [www.haro.com](http://www.haro.com).
